### PROFILE SUMMARY

Motivated and eager undergraduate student in Information Systems, seeking to contribute my programming skills and collaborative abilities to the Software Development & Integration team. Dedicated to enhancing system development speed and implementing cost-effective solutions, while maintaining end-customer success.

### EDUCATION

- 2022 - 2026  
LA VERDAD CHRISTIAN COLLEGE
- Bachelor of Science in Information Systems

### PROJECTS

- MCGI Connect** 2024 - PRESENT  
Mobile App Prototype

- It is a mobile app project that challenged our management skills as well as our technical skills. We made a prototype of our chosen application, with a purpose of making things easier for our chosen end user.
- It is a mobile application, and I was one of its UI and UX Designer.

### SKILLS

- HTML
- CSS
- JavaScript
- Frontend Web Design
- Frontend Development
- Effective Communication

### KEY RESPONSIBILITIES AND ACHIEVEMENTS

- Designed and implemented modular code to improve system scalability.
- Conducted thorough testing and debugging to ensure high-quality software.
- Collaborated effectively with business stakeholders to gather technical and functional requirements.
- Communicated clearly and effectively with team members and stakeholders to ensure project alignment and success.

### REFERENCES

- Available upon Request.

### ADDITIONAL INFORMATION

- Willing to learn new technologies and skills as required.
- College student with a proactive attitude towards professional growth and development.
